WHY CHOOSE HAT COLLECTIVE?

We are a curious company, on a quest to empower individualization in the workplace through our collection of flexible, ergonomic solutions for the contract office market. Our brand is committed to quality and affordability, with an emphasis on customer service and exceptional levels of support for our network of dealers. It's easy to do business with HAT Collective.

EXCEPTIONAL SERVICE

Our reliable, responsive teams are dedicated to personalized service. Whether online or in person, we keep things simple. HAT Collective is easy to work with.

DESIGN-FORWARD

The efforts of our innovative in-house Danish and American manufacturing teams combine to create an aesthetically impactful product collection.

CUSTOM MADE EASY

Our products prioritize personalization, giving you a multitude of ways to create your ideal workspace.

QUICK SHIPPING

Bi-coastal warehouses and a large number of in-stock products mean we're able to fulfill orders in as little as three business days (or less).

WELL-PRICED

We remain committed to excellence and affordability as we endeavor to revolutionize well-being and productivity in the workplace.

WORKSTATIONS

HAT Collective workstations epitomize innovative design and functionality, helping to easily create an active, productive office environment. Sleek aesthetic and quality construction come together to provide a beautiful, healthy, and personalized work experience. Our standard product line offers unmistakable European flare and our in-stock bases are ideal for quick installations.

Problem solving for a complex environment or specific requests? Our Enhanced Design Solutions program enables total customization through professional design support and direct access to our manufacturing team.

To complete your personalized work environment, add power, modesty panels, storage, and more to create a comprehensive HAT Collective workspace.

IN-STOCK

MID HAT, 2-STAGE

This two-legged, height-adjustable base is the ultimate in workspace transformation. The exclusive Folding HAT frame design allows for easy assembly, quickly fitting into any corner or rectangular station. The quiet electric motor system is eco-friendly and makes movement simple.

HAT bases are reliably stocked in three colors, with optional custom color match capabilities. This clever design is expandable, with no fixed-width cross bar to stand in your way.

FEATURES

- **Handset:** With two mounting options, the Mid HAT's handset matches the design of the Reya Power Family for one continuous aesthetic.
- **Integrated:** Includes programmable three-position LED handset and cable manager.
- **Electric Lift:** Dual sync motors allow for a 250 lb. lift capacity, which raises at 1.2" per second.
- **Smart:** Anti-collision safety sensor prevents accidents.
- **Certified:** BIFMA, UL 962, GreenGuard, and qualifies for LEED credits.
- **A Safe Space™ Product:** Easily reconfigured to allow for social distancing in the workplace.

HI HAT, 3-STAGE

Create an active work environment with a base that offers maximum height capability. With Hi HAT, users have increased access to movement, which allows for a healthier, happier, and more productive work life. This sturdy three-stage electric base uses an easy-to-assemble, folding frame design. The width of the base is expandable and includes a reliable, programmable handset, dual sync motors, and the assurance of an anti-collision safety monitor.

FEATURES

- **Handset:** With two mounting options, the Hi HAT's handset matches the design of the Reya Power Family for one continuous aesthetic.
- **Integrated:** Includes programmable three-position LED handset and cable manager.
- **Electric Lift:** Dual sync motors allow for a 250 lb. lift capacity, which raises at 1.5" per second.
- **Smart:** Anti-collision safety sensor prevents accidents.
- **Flexible:** Hi HAT also works in corner and 120-degree configurations.

HAT BENCHING

Shown with optional
Cable Management Tray

This dynamic benching unit provides flexibility and affordability in one sleek solution. Replace traditional workstations with all-in-one benching, allowing employees to maintain movement by alternating between sitting and standing positions throughout the day. HAT benching quickly creates a productive, comfortable, and healthy office environment.

The HAT Benching design is available in various widths and can be used with PET, fabric, acrylic, or white board dividers. The unit incorporates a convenient built-in power and data beam, along with position programming and dual sync motors for safe, easy height adjustments.

FEATURES

- **Integrated:** A Power Beam, Power Trac with jumper connector, and programmable four-position LED hand set are incorporated.
- **Smart:** Anti-collision safety sensor prevents accidents.
- **Electric Lift:** Dual sync motors have a 300 lb. lift capacity.
- **A Safe Space™ Product:** Add in dividers to enable social distancing in the workplace.
- **Power:** All state electrical regulations can be met.

HAT POWER & DATA BEAM

Keep your workspace organized and powered up with this convenient plug-in track. Whether you need power, data, or voice to do your job, this accessory allows for a clean custom set-up.

The lightweight Power Data Beam keeps wires off the floor and nestled neatly under your worksurface. Its built-in BYRNE 8 TRAC power system includes a four-circuit, eight-wire electrical system. The beam also allows for integrated divider installation.

FEATURES

- **Quick-Mount:** Clips for the power trac come pre-installed.
- **Configurable Layout:** 180°, 120°, L, T and X connector post options available.
- **Easy Install:** With only seven parts, this beam is quickly and easily put together.
- **Adaptable:** Includes voice and data cover plates, as well as data jack adapter kit.
- **Power:** All state electrical regulations can be met.

S-COLLECTION SE
2-LEG, 2-STAGE

The SE 2 Leg, 2-Stage desking solution exemplifies the Danish design principles of simplicity and functionality. This electric, height-adjustable table offers a slightly smaller height range than the 3-Stage, but with equal weight capacity and visual configurations.

FEATURES

- **Adjustable:** Electric motor allows for a 350 lb. lift capacity, raising at 1.5" per second.
- **Smart:** Standard, software-based collision detection mitigates damage.
- **Certified:** Meets ANSI/BIFMA standards and is ETL listed to UL 962.
- **A Safe Space™ Product:** Easily reconfigured to allow for social distancing in the workplace.

S-COLLECTION
PANEL MOUNTED

Our panel integration solution is designed to create a seamless union between the S-Collection and panel systems. Brackets introduce a safe locking solution into the system by staying free from pinch points and avoiding interference with existing furniture.

Panel Mount integration is available for new systems as well as pre-installed units. Working with existing panels presents a cost-efficient option and reduces waste for a more environmentally friendly approach. Integration also creates space below the surface by allowing for the use of smaller feet. The recessed frame design is perfect for adding a storage pedestal or CPU.

FEATURES

- **Adjustable:** Electric motor allows for a 350 lb. lift capacity, raising at 1.5" per second.
- **Smart:** Premium, hardware-based collision detection mitigates damage.
- **Safe:** Brackets keep the table in a fixed lateral position, maintaining important pinch gaps around the perimeter of the desk to avoid damage or injury.
- **A Safe Space™ Product:** Easily cleaned and disinfected between users.

M-SERIES NESTING

M-Series Nesting combines collaborative, mobile desking with the benefits of sit-to-stand. The unique flower petal design enables quick room reconfiguration, from training rows to huddle groups, and nesting saves space.

Nesting desktops can even be ordered with dry-erase white board laminate, allowing users to jot notes during a meeting, flip the top to 90 degrees, and present on their own personal white board. Your training room has now become an ergonomic, innovative, and flexible resource for the entire team.

FEATURES

- **Ergonomic:** A manually-operated mechanism quickly adjusts height without the use of electric power.
- **Smart:** Base incline allows easy nesting for maximum space-saving, without compromising aesthetics or functionality.
- **Innovative:** Movable desktop doubles as a personal presentation white board.

WINSTON WORKSTATION®

Expansive workspace

Seamless height adjustment

This workstation instantly converts any desk into a sit stand workspace, boosting health and productivity. Winston is available in single, dual, triple, and quadruple monitor support.

The Winston's worksurface easily reserves room for a keyboard, mouse, and storage tray. Retrofit your existing desk into a healthy workspace with three easy mounting options. Winston Compact is ideal for users with limited space who want to take advantage of a healthy sit-stand workstation.

FEATURES

- **Stability:** Features an overall height adjust range of 17" and a locking cylinder to keep the workstation in place.
- **Easy:** Retrofit your existing desk with freestanding, desk clamp, or thru-desk options.
- **Organized:** Clips in the column and beam keep cables out of the way.
- **Convenient:** Expansive worksurface and storage tray allows you to bring all necessities with you when you stand.
- **A Safe Space™ Product:** Can be easily disinfected between users.

DIVIDERS

Create privacy in any open environment with our easy-to-install partitions. Dividers add spatial barriers and distinctive design to an office landscape, prioritizing both functionality and aesthetic. Choose from opaque or transparent, permanent or portable to take advantage of the protection, acoustic control, and flexibility provided by HAT Collective dividers.

MESA SLIDE

Mesa dividers create privacy in any open environment. Easily install these partitions between workstations, adding distinctive design and a barrier of space to your office landscape.

To keep things quick and portable, look no further than Mesa Slide. Take privacy and protection with you, wherever you go.

FEATURES

- **Easy Install:** Simply slide the divider onto your desk surface to create privacy.
- **Portable:** Transfer your protective barrier by grabbing the slide and taking it with you to the cafeteria or a meeting.
- **Quiet:** Acoustical properties allow for noise reduction in open office floor plans.
- **Environment:** Made from 60% post-consumer recycled PE plastic water bottles, the 100% recyclable polyester fiber makes PET dividers the eco-friendly privacy solution.
- **A Safe Space™ Product:** The Mesa Slide enables social distancing and is easy to disinfect between users.

AURA

AURA (Adjustable Unlimited Recycled Acoustical) is more than your average screen. This environmentally conscious product offers visual and acoustical privacy using a unique mounting system, which allows for a tool-less adjustment. Just lift-up, flip, and drop the screen back into the mounts.

AURA's pleated design adds an aesthetic component and allows the screen to wrap around corners and adapt to various surface conditions. This adjustable screen is made with 60% post-consumer recycled content.

FEATURES

- **Stylish:** Functional and elegant, AURA offers separation, without interfering with workspace aesthetic.
- **Smart:** Designed to retrofit on existing or new workstations with unlimited partition options.
- **Certified:** Fire Rating UL tested ASTM E-84: Class A and LEED compliant.
- **A Safe Space™ Product:** AURA facilitates social distancing in the office.

MONITOR ARMS

Our sophisticated monitor arms provide ergonomics, space savings, and clever design. Here, you'll find one-touch adjustment, effortless movement, and sure-footed stability to support a multitude of screen configurations. Reclaim your desktop with our sleek mounting systems that are easy to install.

E5

Monitor arms must adapt to the needs of today's workers, as well as those of tomorrow in the evolving technology landscape. Meet E5 – a next gen monitor mounting system built for simplicity, efficiency, and compatibility. E5 ensures easy assembly and seamless future adaptability.

Whether you're mounting a 5, 20 or 40-pound monitor, one single E5 monitor arm has you covered. Not only does this eliminate the cost of installing an entirely new setup, but E5 makes the entire specification process easy and hassle free. The future never looked this good.

FEATURES

- **Fast Assmby:** Our innovative top-down mount, one tool installation, and convenient integrated tool storage makes E5 installation quick and easy.
- **Easy Adjustments:** Rotation stop adjustments are made externally for ease of use. No need to disassemble the arm, simply choose the amount of rotation from 90, 180, and 360 degrees.
- **Painless Configurability:** With 12 components and universal push-button quick connections, E5 offers infinite possibilities for customization.
- **Tension Indicator:** Built-in tension indicator allows the user to pre-counterbalance arms based on monitor weight prior to installation.
- **Quick-Disconnect:** Monitors can be easily changed with the quick-disconnect integrated on the VESA adapter.
- **Cable Management:** Thoughtful cable management routes cables down along the arm or pole keeping your workspace clutter free.
- **Compatible:** VESA-monitor compatible – 75mm & 100mm VESA adapter(s) included.

E2

Dual arm features slides for maximum adjustability

Cable management allows for a clutter-free workspace

An evolution in ergonomics. Introducing “E2”, the next generation of the original Envoy monitor arm. E2 offers a polished design with maximum flexibility for user screen interaction. With a recent study citing 24% of workers experience neck pain, the E2 seeks to optimize user performance and adjustment control while eliminating the strain on neck muscles.

FEATURES

- **Sleek:** Clean lines and a modern silhouette provide a stylish profile for either home or office.
- **Ergonomic:** Allows monitors to be placed at an ergonomically correct distance from the user’s eyes to increase comfort and productivity no matter where a person is working.
- **Dynamic:** Portrait-to-landscape rotation feature reduces stress on the neck and shoulders.
- **Easy:** Tension indicator allows the user to pre-counterbalance arms based on monitor weight prior to installation.
- **Compatible:** VESA-monitor compatible – 75mm & 100mm VESA adapters included.

IN-STOCK

7000 CROSSBAR

Built-in handle allows for easy monitor movement

Integrated cable management

7000 Dual Crossbar combines ergonomics and ease of use into one streamlined, functional monitor arm. The Dual Crossbar promotes a healthier posture and effortless movement of dual monitors. Experience increase performance and productivity with the convenience of the 7000 Dual Crossbar.

FEATURES

- **Space-Saving:** Mount dual monitors off a single arm to save valuable space.
- **Responsive:** Handle allows for movement of dual monitors in tandem for quick, easy repositioning.
- **Flexible:** Independent monitor movement: pivot, rotate, pan and tilt each monitor individually.
- **Quick:** Fast installation provided by top down clamp mount and quick-install tilter.
- **Compatible:** VESA-monitor compatible – 75mm & 100mm VESA adapters included.

STAXX™

Designed for modularity, this groundbreaking display system can accommodate up to six monitors using a single mount. Staxx is a completely configurable pole-based solution allowing the addition of monitors by stacking more of the same parts on top of each other.

Flexible extension arms allow you to independently position the monitors for your perfect viewing angle. Staxx also comes in a Wide model, enabling even larger screen mounting capabilities.

FEATURES

- **Scalable:** Easy to install and reconfigure.
- **Capable:** Mount large screens stacked or side by side.
- **Customizable:** Available in a wide range of sizes and configurations.
- **Adjustable:** Flexible extension arms provide easy positioning and personalized viewing angles.
- **Compatible:** VESA-monitor compatible – 75mm & 100mm VESA adapter(s) included.
