

VALUE BASE, 2-STAGE

BASES

STAND ON DEMAND.

Value Base offers a sleek, no-fuss design that seamlessly fits into almost any space. It doesn't need a lot of bells and whistles; it's sturdy and wobble free, supports all your desktop needs, and easily adjusts when you're ready to stretch your legs. Transforms your workspace to help keep your focus up and stay engaged in your tasks.

(worksurface sold separately)

FEATURES

- **Easy Adjustment:** The height of our electrical standing desk is 24.5" to 50.25", which gives a wide range of height. Our desk is just right for people from 5'2" to 6'5", which accommodates most teens and adults.
- **Smooth Operation:** The motor of the desk moves at 1.3 - 1.5" per second and lifts up to 400 lbs. so you don't have to worry about the weight of monitors, printers, or other heavier items. It moves at a max of 44 decibels for quiet adjustment.
- **Big Benefits:** Stand desks may help with focus, alertness, and activity level and may even help to release restless energy. Our desks offer the best of both worlds, letting you sit and stand as desired for versatility in your environment.
