COLLECTIVE™
HEALTHCARE

LIGHTWEIGHT MOBILITY.

A compact and versatile telehealth and patient engagement mobile solution, VersaFlex provides caregivers an easy way to connect with patients at the Point-of-Care.

FDM-VERSA-FLEX-9130-124
shown with optional Tablet Enclosure

Tilts, rotates, and pivots from landscape to portrait to achieve desired viewing angle

Articulating extension arms allows you to achieve ideal ergonomic positioning

Optional power management accessory, model 8515, holds small power bricks and includes a cord wrap, 6' power cord, USB charger block, and a USB-A lightning cable for iPads

FEATURES

- **Flexible:** Adjustable display height and angle provides comfortable viewing for most users.
- **Adaptable:** Easily attach any tablet with enclosure or any lightweight device that is VESA compliant.
- **Integrated:** Cable management routes cables underneath extension arms and along pole.
- **Compatible:** VESA-monitor compatible – 75mm & 100mm VESA adapter included.
- **Customizable:** Add a tablet enclosure or our optional cart power adapter accessory for thoughtful power management.
