

# 7020 UNDER TABLE MOUNT

MONITOR ARMS

HAT  
DESIGN WORKS™  
HUMAN ACTIVE TECHNOLOGY

## SPACE-SAVING ARM.

Table-top kiosks and touchscreens do not need to occupy valuable floor or gaming table space - HAT's floating arm mounts to the underside of a table or counter.

This long reach monitor arm enables the screen to be quickly moved to a comfortable viewing height and angle, and then stows away when not in use. The longer arm and ergonomic design perfectly accommodates users of various heights.

### FEATURES

- **Space-Saving:** Mounts to the underside of the table or counter and conveniently tucks away when not in use.
- **Adjustable:** Easily rotates 360 degrees at two joints with a tilt of 200 degrees.
- **Integrated** Cable management keeps cables out of view.
