MINIMAL SIZE. MAXIMUM IMPACT.

Redwood Mini Wall Mount Arm is a compact, easy-to-use wall-mounting solution for payment devices, offering smooth tilt, swivel, and height adjustment for space-constrained environments. With a minimal footprint, 10 lb load capacity, and intuitive assembly, it delivers durable performance and clean aesthetics.

FEATURES

- **Minimal Footprint:** Ideal for space-constrained environments without sacrificing performance or usability.
- **Independently Positioned Joints:** Multiple joints allow precise positioning for optimal viewing and workflow efficiency.
- **Tuned Movement:** Adjustable pivot connections deliver finely tuned resistance, giving users precise control over rotational and tilt movement.
- **Cleanable:** Durable finishes support quick wipe-down and ongoing maintenance in high-use environments.
- **Easy Assembly with Minimal Tools:** Straightforward, intuitive design reduces install time and complexity.

SPECIFICATIONS

Finishes

Black
BLK

Weight Capacity: Up to 10 lbs.

Tilt: Up to 120°

Rotation: Up to 180°
