HUMAN ACTIVE TECHNOLOGY

DO THE TANGO.

Healthcare professionals will effortlessly take to the floor with their new workday partner, Tango. This cart does everything a caregiver does, but backward and on wheels. Tango is a compact, no-fuss tool with a world-class power system that is easy to use, maneuver, and configure. Discover all the features you need in this expertly-designed, ergonomic cart without the unnecessary frills.

FEATURES

- **Ergonomic:** Gas spring lift assists for effortless adjustment.
- **Organized:** Included track for mounting accessories and integrated cable management.
- **Integrated:** Built-in, forward-facing handles allow for easy maneuvering and control.
- **Retractable:** Keyboard tray and sliding left or right-handed mouse tray retracts when not in use (not available w/TNG-L-NP).
- **Adjustable:** User comfort is enhanced by single-hand height adjustment while standing or sitting.
