Elegance meets powerful functionality in our two-legged, three-stage, height-adjustable desking solutions. More than a traditional workstation, these intelligent work tools integrate into panel systems for maximum performance. Choose from a wide range of laminates, finishes, and optional tech features to create your ideal workspace.

Panel Mount: Our panel integration systems are easily adaptable, accommodating most panel frame systems for maximum design and space flexibility.

E2 Connex Single: Easy to install, easy to change up, and easy to accessorize, the E2 Connex monitor arm helps to build a complete, individualized workspace.

E2 Single: With fast and easy install, a quick-release tilter, and sliders on its dual arm, the E2 proves to be the ideal monitor arm for both home and office environments.

Iku: Introducing our original ergonomic seating solution, Iku. Its synchro-control promotes natural body movement while key adjustments guarantee the correct height, depth, and positioning for individual users.

Pocket Mini: Have everything fit neatly into your Pocket. Our mesh cable management sleeve is a clean, simple, and efficient solution.
